Mac Integration Basics 10.9

DEMO

QUESTION NO: 1

Review the screenshot then answer the question below.

"Dead End" can't be opened because it is from an unidentified developer.

Houdini sent you this file today at 3:53 PM.

OK

You try to open an application called Dead End, but you get the alert shown above. You know the application comes from a trusted source. How can you open the Dead End application?

A. Option-click the application.
B. Open Security & Privacy preferences, click the Gatekeeper tab, click the Add (+) button beneath the Developers list, and enter Houdini.
C. Control-click the application, choose Open from the shortcut menu, then click Open in the dialog that appears.
D. Open Security & Privacy preferences, click the Gatekeeper tab, click the Add (+) button beneath the Authorized Applications list, and enterDead End.

Answer: D
