Answer: B,E
Explanation:

QUESTION NO: 7

A table in a FileMaker 13 solution has a text field CompanyName. The following field validation options are set for this field:

- Validate data in this field only during data entry
- Allow user to override during data entry
- Require not empty
- Display custom message if validation fails

A user imports a set of records into this table. Some records have no value in the CompanyName field. What will occur?

A. All of the records will be imported, No error message will be displayed.
B. The user will see the custom error message, but the import will continue if the user overrides the error.
C. All records with a value for CompanyName will be imported. The user will see the specified custom message.
